Career Development Workshop Series

2015

THURSDAY
Levin Hall 3.324

August 6th
Career Opportunities in Patient Centered Outcomes Research (PCOR)
12:00 pm - 1:00 pm

All Postdocs & Students are welcomed.
Lunch will be provided.

Spotlight Speaker

James Graham, PhD, DC

Associate Professor in the Division of Rehabilitation Sciences and fellow in the Sealy Center on Aging at UTMB

Dr. Graham has over 10 years of experience in teaching and research and is currently a co-investigator for UTMB’s PCOR R24 Center Grant, which provides broad infrastructure and resources to increase capacity for PCOR across the University.

What is PCOR and why is it important?
What career opportunities are there in PCOR?
Learn about the new PCOR courses here at UTMB!

Patient Centered Outcomes Research seeks to generate data to improve clinical decision making. Investigators from UTMB’s PCOR Center recently established a new PCOR certificate training program for postdocs and students.
